

Nursing Care Assistant

Whatever the needs of the resident, our priority is to ensure they maintain control, choice and dignity at all times. Our Nursing Care Assistants are highly valued by our residents. Working within our nursing care homes, our teams of dedicated Nursing Care Assistants help with the day to practical things like dressing, bathing and hygiene. They provide company to our residents, help with food and getting around; they get to know residents' friends and families – all of the things that contribute to a person's well-being and quality of life. Our residents truly value the work our Nursing Care Assistants do and tell us that "it's the little touches that make people feel valued."

What we're looking for:

We're looking for individuals who are able to deliver a high standard of care and support to older people and people with dementia and/or disabilities. This includes attending to their personal care, social and physical needs. You'll be able to resolve problems, work in a safe and compliant manner, keep records up to date and follow basic instructions. As one resident reported, it's "important to have gumption".

You'll be a people focussed person with patience, flexibility and the ability to build relationships with residents and their families. You'll also be a team player - a Nursing Care Assistant tells us that "team working is essential in this role – building a team bond."

You can find more details about the role and the person we are looking for, through the role profile, which is available on our website.

If this sounds like the role for you, we look forward to hearing from you!

How to apply:

Click on apply, where you can submit an application through our website.

The St Monica Trust is committed to promoting diversity in the workplace and therefore encourages applications from all age groups, ethnic minorities, people with disabilities and the LGBT community. Where required, appointment is subject to an Enhanced DBS Disclosure.
